An administrative title, such as superintendent or principal, also means the individual's designee unless otherwise stated. The term "school grounds" includes the school district facilities, school district property, property within the jurisdiction of the school district or school district premises and school-owned or school-operated buses or vehicles. The term "school facilities" includes school district buildings. The term "school activities" means all school activities in which students are involved whether they are school-sponsored or school-approved, whether they are an event or an activity, or whether they are held on or off school grounds.

Mission Statement

The mission of the Morning Sun Community School District, in cooperation with the community it serves, is to educate all students by providing a future oriented, comprehensive, quality education in a positive, caring environment through unique programs which meet their special needs and prepare them to be contributing members of a changing society.

Jurisdictional and Behavioral Expectations Statement

This handbook is an extension of board policy and is a reflection of the goals and objectives of the board. The board, administration and employees expect students to conduct themselves in a manner fitting to their age level and maturity and with respect and consideration for the rights of others. Students, teachers, employees and visitors are expected to treat each other with respect and courtesy so that all may be safe within the school environment. Students may not use abusive language, profanity or obscene gestures or language.

This handbook and school district policies, rules and regulations are in effect while students are on school grounds, school district property or on property within the jurisdiction of the school district; while on school-owned and/or school-operated buses or vehicles; while attending or engaged in school activities; and while away from school grounds if the misconduct directly affects the good order, efficient management and welfare of the school district or involves students or staff.

Students are expected to comply with and abide by the school district's policies, rules and regulations. Students who fail to abide by the school district's policies, rules and regulations may be disciplined for conduct which disrupts or interferes with the education program; conduct which disrupts the orderly and efficient management of the school district or school activity; conduct which disrupts the rights of other students to obtain their education or to participate in school activities; or conduct which interrupts the maintenance of a disciplined atmosphere. Disciplinary measures include, but are not limited to, removal from the classroom, detention, suspension, probation and expulsion. The discipline imposed is based upon the facts and circumstances surrounding the incident and the student's record.

The school reserves and retains the right to modify, eliminate or establish school district policies, rules and regulations as circumstances warrant, including those contained in the handbook. Students are expected to know the contents of the handbook and comply with it. Students or parents with questions or concerns may contact the school office for information about the current enforcement of the policies, rules and regulations of the school district.

Philosophy

The purpose of our educational system:

- To provide students with the basic knowledge that will become the stepping-stone of life-long learning.
- To provide the financial resources, within our means, that allows our staff to provide the instruction and curriculum to meet the needs of our students.
- To provide an equal opportunity and a desirable atmosphere for a quality education.
- To provide the students with quality teachers and role models, so that learning is not only for the knowledge gained; but to be applied to living a good and productive life.

ACADEMICS

Books and Supplies

The school will issue a list of books and supplies needed by the students. The remainder of the books and supplies to be used will be supplied by Morning Sun Community School. Each student is expected to take responsibility for keeping all books issued to him/her in excellent condition and will be assessed for payment to cover any damages or loss of such school-owned books. Each student should have a water repellent bag or backpack to carry books and papers to and from school each day to protect these items from loss or damage. In emergencies paper, pencils and other office supplies are available in the office.

Homework Policy

Homework will consist of special information-seeking projects, practicing specific skills, or work, which was not completed in the allotted class time. Parents are encouraged to support their child's education by regularly listening to their child read, practicing spelling words and practicing math facts. Such involvement by parents in their child's learning will greatly increase the child's interest and ability. Homework for upper-level students is more frequent as they are preparing to enter middle school. However, teachers allow class time for completion of assignments. Any work not completed when it is due in class time will then also be considered homework. Students who do not complete assignments by the designated time given by the teacher may be subject to missing recess, if necessary, to complete such work. Parents will be notified if students are consistently late with assignments.

Physical Education – Nonparticipation

If a child is to miss physical education class due to illness or injury, the parent must provide the principal with a written note, which specifies the illness or injury. If the illness or injury lasts more than one physical education period, the student must have a written excuse from the student's doctor.

Progress Report, Conferences and Retention

Report cards are sent home after each quarter. Grades 3-6 also send mid-term progress reports home. Parent-Teacher Conferences will be held as indicated on the yearly calendar. If an additional conference is necessary, parents will be contacted. If parents feel a conference is necessary, they should contact the student's teacher or the school. If the teacher and principal feel a child is not ready for the next grade, the parents will be contacted and consulted on the possibility of retention. The final decision is up to the parent.

Standardized Tests

Students may take the Cognitive Abilities Test during the second semester. Students in grades 3-6 are given the ISASP standardized tests annually during the spring. These tests are used to determine academic progress for individual students, for groups of students, for the school district and to comply with state law. Students are tested unless the principal excuses them. This test is one snapshot of how the student is performing.

ATTENDANCE

Absences

Regular attendance at school is essential for elementary school children. The federal government requires us to maintain a 95% rate of attendance for our students, thus children must be in school unless they are ill. If your child will not be in school, please phone the School Office at your earliest convenience to let your child's teacher know. No phone call is considered an unverified absence.

Appointments

Please make every effort to be familiar with our school calendar and schedule needed appointments for your child/children on days when we will be dismissing early or are not in session. We will normally have at least two 1:00 PM dismissal days each month and other times when we are not in session. If you must schedule an appointment for your child when we are in session, please return them to school as soon as possible.

If a doctor's note is provided upon return, this is a verified absence. A student returning to school from an appointment without a note will be considered unverified.

Arrival

The school day begins at 8:00 AM. Students are not to enter a classroom unless a teacher is present. The teachers' doors will be open to signify that they are present in their room.

Attendance Policy

School begins at 8:00 AM. Teachers will take roll at this time. If a student is not present and we have not been notified of his/her absence, the student's home will be called. This is done to assure that the student is safe and is not missing. Anyone not present at this time will be recorded tardy or absent. Anyone coming to school between the 8:00 AM and 9:00 AM will be marked tardy.

If a student misses 60 minutes or more any time during the morning, it will be counted as half day absence. Anyone returning to school between 12:20 PM and 1:20 PM will be marked tardy. If 60 minutes or more are missed any time during the afternoon session, it will also be half day absence.

When we dismiss school early, anyone absent in the morning will be counted absent for the whole day and anyone leaving after 11:30 AM will be half day absent.

Dismissal

Daily dismissal will be at 3:20 PM each day. Be sure that either the school office or the child's teacher is aware of what your child is to do after school each day. We need to know if we are to put your child on the bus, let him/her walk home or if he/she is to be picked up by a babysitter, relative, etc. We also need to know if there is anyone who

is NOT to be allowed access to your child. This **MUST** be accompanied by legal documentation. In the event a student is not picked up after school, the student will be sent to the office until a parent/guardian can be contacted.

Early Dismissal, Late Start or School Cancellation

Early dismissal, late start or school cancellation due to inclement weather will be announced on the following stations:

- [KCRG TV](#) (Cedar Rapids)
- [KWQC TV](#) (Quad Cities)
- REMIND App/Text
- School Website
- School Facebook Page

Parents are advised to listen to one of these stations for announcements of early dismissal, late start or school cancellation whenever the weather is questionable. Schedule changes and school alerts will also be announced on the school's website at www.msccd.org, where you can also sign up to receive **REMIND** email and/or text alerts, and on the Morning Sun School Facebook page.

Noon Period

The noon period begins at 11:05 AM for K-2 students and 11:30 AM for 3-6 students. It extends until 11:55 AM for K-2 and 12:20 PM for 3-6, during which time students will have lunch and recess.

Release During School Hours

A student will not receive permission to leave the school premises during the school day unless he/she has a written request from the parent/guardian. This excuse should be presented to the teacher/office before school on the day the excuse is to be honored. This request is also filed.

Students who are absent should request and do homework assignments. The student/parent should contact his/her teachers to find out which assignments were missed. It is the student's responsibility to be sure that the assignments are made up. Parents should notify the office if they would like a list of assignments, which can be picked up at school.

Tardiness/Unexcused Tardies

A student is tardy if he/she is not present in the classroom at the opening of school at 8:00 AM or at the beginning of the afternoon at 12:20 PM. When a student arrives at school late, he/she must go to the office before going to class to get checked in. **If a student leaves school early, he/she must go to the Office and sign out and upon returning, sign back in. This helps us keep accurate attendance records of the students. A tardy student must bring a note signed by the parent/guardian acknowledging the student's tardiness.** If a student does not bring a note concerning his/her tardiness, (or if the parent would not be aware of the student's tardiness), the office staff will send a tardy notice to the student's home for the parent/guardian to sign and return to school.

Truancy – Verified/unverified Absences

Truancy is being absent without a reasonable excuse. The school determines whether an absence is verified. Verified absences include, but are not limited to, any absence accompanied by a doctor note, sent home ill by school personnel, family funeral, recognized religious observances and school activities. Unverified absences include, but are not limited to, any absence accompanied by a parent note, tardiness, shopping, hunting, concerts, and preparation or participation in parties or other celebrations. Students are expected to be at school on time. Being tardy for school is considered an unverified absence unless approved by the principal.

After eight unverified absences, a letter will notify parents/guardians of truant students. Principal will investigate the cause for a student's truancy and attempt to secure the truant student's attendance. After 10 unverified absences parents/guardians of truant students will be referred to the county attorney.

A pupil who has been absent or tardy from school is required to bring a written note giving the date on which he/she was tardy/absent, the reason for the tardiness/absences and the signature of the parent/guardian. The notes are kept on file and are subject to inspection by proper authorities. Any absence or tardiness is considered "unexcused" until the note is filed.

DISTRICT INFORMATION

Admissions

Morning Sun Community School maintains a policy of open enrollment, which means that students meeting the school's reasonable academic requirements are admitted regardless of race, ethnic origin or creed.

A pupil shall not be allowed to start kindergarten unless he/she is five years of age on or before the 15th day of September of the current year. A pupil shall not be allowed to begin school in the first grade unless he/she is six years of age on or before the 15th day of September.

A health examination is required for all beginning kindergarten students and must include screening for lead poisoning and dental screening.

Bullying and Harassment

Problems between individuals happen all the time, and it's hard to know when a problem is bullying or just a conflict. Understanding the difference between bullying and conflict can decrease incidents and increase positive social interaction.

Conflict:

- A disagreement.
- An expected and "normal" part of life.
- Both people have equal power.
- Both people want to resolve it.

Bullying:

- An intentional physical, verbal, or social aggression.
- Repeated over time.
- Unexpected: should never be a "normal" part of life (target involved).
- Real or Perceived Power Imbalance (age, physical stature, social standing, etc.).
- One person does not want a resolution.

Bullying is usually associated with wanting control or attention and comes in many forms:

- Cyberbullying: the use of technology to harass, threaten, or intimidate another person.
- Physical Bullying: hurting someone's body or possessions.
- Verbal Bullying: saying or writing mean things about someone.
- Social Bullying: hurting someone's reputation or relationships, such as excluding them.

The physical and emotional safety of each student is the primary concern of the administration, faculty, and staff of our school. To encourage positive social interactions, the teachers work closely with each class to encourage the courtesy, respect, and kindness essential to a supportive and nurturing academic environment. Any behavior, either in person or with the use of technology, including but not limited to intimidation and/or harassment, which threatens the emotional or physical safety of any of our students will not be tolerated. This includes but is not limited to teasing, ridiculing, threatening, and inappropriate touching. We are confident that we have our parents' full cooperation and assistance in expecting from our students only those behaviors which affirm the highest ideals of good citizenship and healthy peer relationships.

All concerns relating to harassment or bullying should be reported immediately to the Principal. We also expect that anyone, whether student, faculty, staff, or family member who witnesses, or has knowledge of an incident of bullying or harassment, will report the incident to administration immediately. When the school administration becomes aware of harassment or bullying, the situation will be promptly investigated. Any student found to have violated this policy will be subject to disciplinary action, including dismissal from school for serious violations. No adverse action will be taken against any person who makes a good faith report of harassment or bullying.

Retaliation in any form against anyone for making a complaint under this policy or for participating in an investigation is strictly prohibited. Any retaliation should also be reported pursuant to this policy and is itself a cause for disciplinary action.

Asbestos Notification

Asbestos has been an issue of concern for many years. The Asbestos Hazard Emergency Response Act of 1986 (AHERA) was designed to determine the extent of asbestos concerns in the schools and to act as a guide to formulating asbestos management policies for the schools. The school district facilities have been inspected by a certified asbestos inspector as required by AHERA. The inspector located, sampled and determined the condition and hazard potential of all material in the school facilities suspected of containing asbestos. The inspection and laboratory analysis records form the basis of the asbestos management plan.

A certified management planner has developed an asbestos management plan for the school district facilities, which includes notification letters, training for employees, and a set of procedures designed to minimize the disturbance of asbestos containing materials and plans for regular surveillance of the materials. A copy of the management plan is available for inspection in the office.

Child Abuse

It is the policy of the Morning Sun Community School District that any employee who believes, or has reason to believe, that a student under the age of 18 years has been abused, as defined by law, shall be held responsible for reporting such abuse to the Department of Social Services.

Conflict Resolution

If a student or parent has a concern, resolution will be sought using the steps outlined below:

- Step One: The concern should be brought to the attention of the staff member involved with the situation.
- Step Two: If the student or parent is not satisfied with the situation after meeting with the staff member involved, you may contact the principal.
- Step Three: After involvement of the principal, the student or parent may choose to contact the Superintendent.
- Step Four: The concern may be taken to the School Board if the student or parent is still not satisfied with the situation.

All attempts to resolve any conflict should begin at steps one or two above; they should never begin at steps three or four. However, if there is a concern with the principal or superintendent, then steps are one and then three or four depending on the person in which there is concern.

Concerns that do not directly pertain to a specific staff member should start at Step Two.

If the school decides not to amend the record as requested by the parent, the school will notify the parent of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent when notified of the right to a hearing.
- The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent. One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official is a person employed by the school as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School Board; a person or company with whom the school has contracted as its agent to provide a service instead of using its own employees or officials (such as an attorney, auditor, medical consultant, or therapist); or a parent serving on an official committee such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate education interest if the official needs to review an education record in order to fulfill his or her professional responsibility.
- The right to file a complaint with the U.S. Department of Education concerning alleged failures by the Morning Sun Community School District to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are: Family Policy Compliance Office, U.S. Department of Education, 400 Maryland Avenue, SW, Washington, DC 20202-5920.

Notification of Rights Under PPRA (Protection of Pupil Rights Amendment)

The Protection of Pupil Rights Amendment (PPRA), 20 U.S.C. § 1232h, requires Morning Sun Community School District to notify parents/guardians and obtain consent or allow parents/guardians to opt their child/children out of participating in certain school activities. These activities include a student survey, analysis, or evaluation that concerns one or more of the following eight areas ("protected information surveys"):

- Political affiliations or beliefs of the student or student's parent.

- Mental or psychological problems of the student or student's family.
- Sex behavior or attitudes.
- Illegal, anti-social, self-incriminating, or demeaning behavior.
- Critical appraisals of others with whom respondents have family relationships.
- Legally recognized privileged relationships, such as with lawyers, doctors, or ministers.
- Religious practices, affiliations, or beliefs of the student or parents.
- Income, other than as required by law to determine program eligibility.

This requirement also applies to the collection, disclosure or use of student information for marketing purposes ("marketing surveys"), and certain physical exams and screenings.

Morning Sun Community School will provide parents/guardians, within a reasonable period of time prior to the administration of the surveys and activities, notification of the surveys and activities and give parents/guardians an opportunity to opt their child/children out, as well as an opportunity to review the surveys.

Parents who believe their rights have been violated may file a complaint with: Family Policy Compliance Office, U.S. department of Education, 400 Maryland Avenue, SW, Washington, D.C. 20202-5920.

Olweus Bullying Prevention Program

Staff and students will respond to bullying by following the Olweus Bullying Prevention Program. It is a school-wide program designed to reduce and prevent bullying. The goals are to: reduce existing bullying problems among students, prevent the development of new bullying problems, and achieve better peer relations at school.

Olweus Rules:

- We will not bully others.
- We will try to help students who are bullied.
- We will include students who are left out.
- If we know that somebody is being bullied, we will tell an adult at school and an adult at home.

Staff/Adults will:

- Stop the bullying.
- Support the student who has been bullied.
- To the student(s) who bullied: Name the bullying behavior and refer to the four anti-bullying rules.
- Empower the bystanders with appreciation if they were supportive to the student who was bullied or with information about how to act in the future.
- Impose immediate and appropriate consequences for the student(s) who bullied.
- Take steps to make sure the student who was bullied will be protected from future bullying.

Open Enrollment

Parents/guardians of open enrolled students whose income falls below 160% of the federal poverty guidelines are eligible for transportation assistance. This may be in the form of actual transportation or in the form of a cash stipend.

Student Directory Information

Student directory information is released without parental permission unless the parent asks the school district not to release it. Parents must notify the school district during the registration process if they do not want the school district to release and/or publish directory information and/or photographs. Directory information includes the student's name, grade level, enrollment status, photograph, and other likeness.

Student Records

Student records containing personally identifiable information, except for directory information, are confidential. Only persons, including employees, who have a legitimate educational interest, are allowed to access a student's records without the parent's permission. Parents may access, request amendments to and copy their child's

records during regular office hours. Parents may also file a complaint with the United States Department of Education if they feel their rights regarding their child's records have been violated. For a complete copy of the school district's policy on student records or the procedure for filing a complaint, contact the board secretary in the central office.

Students Transferring to Another School District

The school district automatically transfers a student's records to a new school district upon receipt of a written request from the new school district for the student's records. Parents notified that the student's records have been sent are given an opportunity to view the student's records that were sent and a right to a hearing to challenge the contents of the student's records that were sent. Parental consent is not necessary to forward a student's records to a student's new school district or for the school district to request them from a student's previous school district. When a new student transfers into the school district, the student's records are requested from the previous school district.

Talented and Gifted Program (TAG)

Morning Sun Elementary School offers Enrichment classes for first and second graders weekly in the TAG room. Kindergartners begin weekly Enrichment class second semester. Students will be invited to participate in the Honors program at the beginning of third grade. These students will need to meet the following requirements to qualify for Honors: Cognitive Abilities Test (scoring 120 or higher in the Verbal or Quantitative measures), Iowa Assessments (scoring in the Advanced levels for Math or Reading), and teacher recommendation. The Morning Sun School Honors Committee evaluates criteria annually to determine Honors Program students. If an Honors student develops difficulties completing regular classroom assignments or there are dramatic changes in the test scoring and work, the student will be reevaluated concerning participation in the Honors program.

Telephone

The school telephones are not intended for general use by the children. In an effort to improve student responsibility, we will not be allowing students to call home or be called to the phone except for emergencies. Teachers will not be called to the phone during class time for parent's calls.

Use of Video Cameras on School Buses

The Morning Sun Community School District Board of Education has authorized the use of video cameras on school district buses. The video cameras will be used to monitor student behavior to maintain order on the school buses to promote and maintain a safe environment. Students and parents are hereby notified that the content of the videos may be used in a student disciplinary proceeding. The content of the videos are confidential student records and will be retained with other student records. Videos will only be retained if necessary, for use in a student disciplinary proceeding or other matter as determined necessary by the administration. Parents may request to view videos of their child if the videos are used in a disciplinary hearing involving their child.

Failure to comply with any or all of the bus rules could result in your privilege of transportation being suspended or revoked.

Waiver of Student Fees

Students whose families meet the income guidelines for free and reduced-price lunch, the Family Investment Program (FIP), Supplemental Security Income (SSI), transportation assistance under open enrollment, or who are in foster care are eligible to have their student fees waived or partially waived. Students whose families are experiencing a temporary financial difficulty may be eligible for a temporary waiver of student fees. Parents or students who believe they may qualify for temporary financial hardship should contact the Business Manager at Morning Sun School for a waiver form. This waiver does not carry over from year to year and must be completed annually.

If a student is using the cell phone at school without special permission from a teacher or adult supervisor, the phone will be taken from the student's possession and returned to the parent and/or student at the end of the school day. No device is permitted which allows students to send or receive personal messages that would contribute to cheating, access the Internet, or take pictures. Students found in violation of this policy may be subject to discipline and, in cases where a law may be violated, law enforcement may be contacted. Students need to remember that whatever they put on a personal electronic device could end up anywhere, so they need to ensure the devices are used appropriately. No electronic devices should be taken/used in restrooms/locker rooms.

Dress Regulations

School attire should be neat, clean, and appropriate to the educational atmosphere. While the primary responsibility for appearance lies with the students and their parents, appearance disruptive to the education program will not be tolerated. When, in the judgment of a principal, a student's appearance or mode of dress disrupts the educational process or constitutes a threat to health or safety, the student may be required to make modifications.

Specific Guidelines include, but are not limited to:

- Appropriate footwear must be worn based on current outdoor temperatures. No shoes with rollers may be worn to school.
- Shirts must be long enough to cover kids' mid-sections; they should reach the bottom of the waistband of their pants. Additionally, tube tops, halter-tops, spaghetti strap tops/dresses, or other similar items of clothing are not permitted.
- Shorts, skirts, and skorts must measure no higher than fingertip length with arms extended at your side. A slit in a skirt must also meet that standard.
- Pants that reveal a person's undergarments, sitting or standing, will be in violation of the dress code. Undergarments include, but are not limited to, underwear, boxers, shorts, and sweatpants. Students are not to wear pants to school that have huge holes in the thigh area or seat of the pants.
- Sunglasses or dark tinted glasses may be worn only when prescribed for school by a physician or optometrist.
- Hats or head coverings are not to be worn in the classroom. Upon arrival at school, we ask that students put their hats in their lockers, but they may be worn for recess.

Clothing or other apparel promoting products illegal for use by minors and clothing displaying obscene material, profanity, or reference to prohibited conduct are disallowed.

Field Trips

All of our classes will take occasional field trips to attractions and places of interest in the surrounding area. Some of the classes, particularly the lower grades, may want parent volunteers to accompany them. A volunteer accompanying the class on a field trip must be 21 years of age and the parent/guardian of a student in the class or have prior approval from the teacher. **Each teacher will determine if parental help is needed.**

Illegal Items Found in School or in Students' Possession

Students are prohibited from distributing, dispensing, manufacturing, possessing, using, and being under the influence of drugs, or look-a-like substances. Weapons are not allowed on school grounds or at school activities including hunting rifles even if unloaded and locked in cars with the exception of weapons in the control of law enforcement officials, or those being used for educational purposes and approved by the principal/superintendent. Students bringing firearms to school or possessing firearms at school will be expelled for not less than one year.

Parents of students found in violation of this policy may be contacted, and the students may be reported to law enforcement officials.

Initiations, Hazing or Harassment

Sexual harassment may include unwelcome sexual advances, requests for sexual favors and other verbal or physical conduct of a sexual nature. Harassment on the basis of race, color, religion, national origin, sex, sexual orientation, gender identity, disability, age or marital status includes conduct of a verbal or physical nature that is designed to embarrass, distress, agitate, disturb or trouble persons when:

- Submission to such conduct is made either explicitly or implicitly a term or condition of the student's participation in school programs activities.
- Submission to or rejection of such conduct by a student is used as the basis for decisions affecting the student.
- Such conduct has the purpose or effect of unreasonably interfering with a student's performance or creating an intimidating or hostile working or learning environment.

Sexual harassment includes, but is not limited to:

- Verbal, physical or written harassment or abuse.
- Pressure for sexual activity.
- Repeated remarks to a person with sexual or demeaning implications.
- Suggesting or demanding sexual involvement, accompanied by implied or explicit threats.

Harassment based on factors other than sex includes, but is not limited to:

- Verbal, physical, or written harassment or abuse.
- Repeated remarks of a demeaning nature.
- Implied or explicit threats concerning one's grades, etc.
- Demeaning jokes, stories or activities.

Harassment and abuse are violations of school district policies, rules and regulations and, in some cases, may also be a violation of criminal or other laws. The school district has the authority to report students violating this rule to law enforcement officials.

Students who feel that they have been harassed should:

- Communicate to the harasser that the student expects the behavior to stop if the student is comfortable doing so. If the student needs assistance communicating with the harasser, the student should ask a teacher, counselor or the principal to help.
- If the harassment does not stop, or the student does not feel comfortable confronting the harasser, the student should:
 - Tell a teacher, counselor or the principal; and
 - Write down exactly what happened, keep a copy and give another copy to the teacher, counselor or principal including:
 - what, when, and where it happened;
 - who was involved;
 - exactly what was said or what the harasser did;
 - witnesses to the harassment;
 - what the student said or did, at the time or later;
 - how the student felt; and
 - how the harasser responded.

Inspection of Educational Materials

Parents and other members of the school district community may view the instructional materials used by students in the office. Copies may be obtained according to board policy. Tests and assessment materials are only available

for inspection with the consent of the superintendent. Persons wishing to view instructional materials or to express concerns about instructional materials should contact the superintendent in the school office.

Internet – Appropriate Use

Because technology is a vital part of the school district curriculum, the Internet will be made available to employees and students. Appropriate and equitable use of the Internet will allow employees and students to access resources unavailable through traditional means.

Employees and students will be instructed on the appropriate use of the Internet. Parents will be required to sign a permission form to allow their students to access the Internet. Students will sign a form acknowledging they have read and understand the Internet Acceptable Use policy and regulations, that they will comply with the policy and regulations and understand the consequences for violation of the policy or regulations. Students found violating the policy will lose internet privileges for one week after a first violation, two weeks after a second violation, and one month for a third violation.

Invitations to Private Parties

One of the cruelest blows a child can receive is to have to stand empty-handed watching others open their invitations to a birthday party. No child should have to experience this misery at school. Therefore, if you do not have the facilities or resources to invite all the boys or all the girls in your child's class, please mail the invitations to the guests' homes. These incidents may seem trivial to an adult, but to a youngster they can assume immense proportions. Please do not allow your child to contribute to the unhappiness of another.

Outside Recess

Students will go outside for recess. If lightning or thunder is detected in the area, recess will be inside. Our area must be lightning- or thunder-free for 30 minutes before students are allowed outside.

During winter weather, students will be expected to go outside when the actual temperature is above zero degrees AND windchill is above zero degrees.

Search and Seizure

School district property is held in public trust by the board. School district authorities may, without a search warrant, search students, student lockers, personal effects, desks, or work areas based on a reasonable and articulable suspicion that a school district policy, rule, regulation or law has been violated. Students are NOT ALLOWED to put locks on lockers. Locker inspections, without prior notice, may be conducted periodically throughout the school year. The search shall be in a manner reasonable in scope to maintain order and discipline in the school, promote the educational environment, and protect the safety and welfare of students, employees and visitors to the school district facilities. School authorities may seize any illegal, unauthorized or contraband materials discovered in the search.

Possession of such items will be grounds for disciplinary action including suspension or expulsion and may be reported to local law enforcement officials.

Sending Notes and Money to School

Whenever you send a note/money to school remind your child to deliver it to the appropriate person. Be aware that school communication will often come home with your child.

Treats from Home

Due to an increasing number of students with life-threatening food and nut allergies, as well as efforts of cutting down on the risk of spreading communicable diseases, **it is required that any food for distribution and/or instruction will be nut free, store bought pre-packaged or made in a certified kitchen to ensure the safety of all students.** Treats/food prepared at home cannot be handed out to children.

HEALTH, WELL-BEING AND SAFETY

Dental Screening

An Iowa law requires children enrolling in elementary school and high school to have a dental screening. Parents or guardians of elementary school children are REQUIRED to provide evidence of a dental screening (done no earlier than age three and no later than age six) by a dentist, dental hygienist, physician, nurse, or physician's assistant. High school students will be required to provide evidence of a screening by a dentist or dental hygienist within the previous year of enrollment. To be exempt from the requirement, a valid Iowa State Department of Health exemption must be provided.

Documentation of Parent Custody

If you have specific limitations related to the release of your child to a natural parent, please be aware that we must comply with various sections of the civil code relating to the dissolution of marriage. We must have documentation specifying which parent has legal custody of the child. Therefore, we are requesting that you present us with a copy of the court order signed by the judge, which stipulates the conditions of custody. Please understand that if we do not have this on file, we have no other choice but to release your child to the other natural parent upon their request.

Emergencies

The school must have on record for each child the following information:

- The phone number of the parent's home and place of employment.
- The phone number of someone to be called in case the parents cannot be reached.
- The name of the family's physician.

It is the parent's responsibility to notify the school in the event of a phone number change.

Should a child become ill or injured at school we will first call the parents at home or work, then the emergency person. If no response can be obtained, the family physician will then be called if conditions warrant his/her attention.

Emergency Procedures for Security Breach

Morning Sun School has a plan in place in the event of an emergency situation or security breach. An emergency situation inside or outside the building may require that we keep all students and staff "sheltered in place." This usually means the nearest classroom. The alarm that would be sounded will be a code word over the speaker system that only our school is aware of. Teachers will instruct students on the procedures to follow in the event of an emergency situation.

Fire Drills, Tornado Drills and Emergencies

Fire and tornado drills will be held during the school year as required by law. We will do everything we can to keep these drills from frightening the students. In case of a real emergency, students will be taken from their fire and tornado safety stations to the bus barn. Parents will sign out when they have picked up their children.

HAWK-I Insurance for Children

Parents can apply for low, or no-cost health insurance for their children through the state's Healthy and Well Kids in Iowa (HAWK-I) program. Children birth to 19, who meet certain criteria, are eligible. The coverage includes doctor's visits, hearing services, dental care, prescription, immunizations, physical therapy, vision care, speech therapy, and hospital services to name a few. Parents are urged to call 1-800- 257-8563 (toll free) or go to the web site at www.dhs.iowa.gov for more information.

Health and First Aid

Certain precautions need to be taken to protect each child's health. Morning Sun Community School is interested in the health and safety of every youngster. A qualified professional is available to maintain medical records.

However, this nurse is only available one day per week for first aid support. Please notify the school if your child is absent because of a contagious disease. This will help us in controlling any further spread of disease.

First aid will be administered for accidents that happen at school.

Hearing Screening

During the school year, your child's hearing may be screened and/or tested by Great Prairie AEA audiologists or their assistants as part of a hearing screening program. Follow up testing may occur if previous hearing test results were not within normal limits. If you do NOT want your child to participate in the hearing screening program, please contact your school district with this request by the beginning of the school year.

Illness Policy

Please note: The health and wellbeing of our students is one of our primary concerns. Sending a child to school that is sick not only endangers the child who is sick, but the other children as well. In case a child comes to school sick or becomes sick or injured at school, the child will be isolated. His/her immediate needs will be met, and the parents will be asked to pick up the child. This is considered a verified absence.

If your child has been carrying a fever, please keep them at home until they are fever free and symptom free for 24 hours without medication. If a child is sent home from school with a fever, they probably will need to miss the following day. They must be fever free and symptom free for 24 hours without the use medication.

If a child is to stay in from recess due to illness or injury, the parent must provide the teacher with a written note, which specifies the illness or injury. **If the need to stay in lasts for more than one day, the student must have a written excuse from the student's doctor.**

Immunization

No person shall be enrolled in any licensed childcare center, preschool, elementary or secondary school in Iowa without evidence of adequate immunization. The local board of health shall report to the State Department of Health within thirty days of the first official day of school regarding immunization records of children enrolled in elementary and secondary schools. Your child will not attend Morning Sun Community School or any school without these records.

Exemptions to this immunization requirement will be allowed only for medical or religious reasons. To be exempt a valid Iowa State Department of Health Certificate of Immunization Exemption must be provided.

Lead Screening

Iowa law also requires a blood lead test when children enter school. Schools are required to collect exemption certificates for children that have not had the lead blood test, but not evidence of the testing.

Medication Administration

To ensure the safety of all children, when possible, we request that a parent or another responsible adult deliver all medications to the office and/or health office at the beginning of the school day in a labeled bottle. The medication will be kept in a locked storage box and given to the student using the 5 Rights of Medication Administration.

No medication will be administered to a student in school or during school-sponsored activities without a written physician/prescriber order and parent/guardian written authorization. New authorization must be completed each, new school year. Aspirin can never be given, and time-release and cough medicines will not be given at school. (Purchase only the 8 or 12-hour varieties.)

All medications are administered to a student in school by trained school staff who have completed the Iowa AEA Medication Administration Course for School Personnel or the school nurse. NO medications are to be kept on the student or in the student's belongings.

- **Prescription Medications:**

- Parents are responsible for obtaining the prescriber. A current, pharmacy-labeled container can serve as the written prescriber's order. A second, labeled, medication container can be obtained for school use by asking the pharmacist, as well as a dispensing spoon (if applicable), for measuring and administering.
- The parent/guardian is responsible for submitting a new prescriber's order form to the school each time there is a change of dosage or time of administration for prescription medications. Prescriber's orders may be faxed to the school.
- The first dosage of any new prescription must be given at home so the child can be more closely observed for possible side effects and/or adverse reactions.
- If a medication is ordered from a doctor to be given three times a day, only one dose can be given at school – at lunch time.
- The Morning Sun Community School District does not assume responsibility for medication not prescribed by a physician/prescriber or medication administered by the student himself/herself.

- **Over the Counter Medications:**

- Over the counter/non-prescription medications are to be provided by the parent/guardian and sent to school in the original labeled medication container with the student's name attached.
- Over the counter/non-prescription medication will be given only with the parent/guardian's written authorization, and only for listed purposes. Dosages must be dispensed per manufacturer label.
- Supplements are not considered nonprescription over-the-counter medications approved by the Federal Drug Administration and are not to be administered at school.
- Tylenol and Ibuprofen will be supplied by the school district on an "as needed" basis only. Each student may receive up to and including 5 doses of Tylenol and/or Ibuprofen per semester at the discretion of trained staff. Once a student has received 4 doses of either medication, the school nurse will contact the parent/guardian to let them know that their student will soon need a doctor's authorization to receive more of these medications at school. Without a doctor's authorization, the student will not be able to receive any more doses within that semester.

If a student will need more than 5 doses of Tylenol or Ibuprofen because of a chronic ailment or acute need (braces, recent surgery or injury, etc.), the parent/ guardian is advised to obtain a written order from the student's doctor for these medications to be given at school.

- **Other Medications available in the nurse's office available for incidentals:**

- Chewable Tums for upset stomach and heartburn
- Neosporin for cuts and scrapes
- Cough Drops for dry, scratchy throat or cough
- Afrin nasal spray for nose bleeds
- Benadryl (pill form) for allergic reactions such as hives, shortness of breath, and itchy rashes. (Benadryl will not be given at school for seasonal allergies)
- Saline eye drops for itchy eyes
- Calamine lotion for bug bites and itchy rashes
- Alocane burn gel for minor burns
- Benadryl cream for itchy rashes, bug bites, and allergic reactions
- Cortisone cream for itchy rashes, bug bites, and allergic reactions

Physical Restraint of Students

State law forbids school employees from using corporal punishment against any student. Certain actions by school employees are not considered corporal punishment. Additionally, school employees may use "reasonable and necessary force, not designed or intended to cause pain" to do certain things such as prevent harm to persons or property.

State law also places limits on school employees' abilities to restrain or confine and detain any student. The law limits why, how, where, and for how long a school employee may restrain or confine and detain a child. If a child is restrained or confined and detained, the school must maintain documentation and must provide certain types of notice to the child's parent.

If a child is in distress, we have several members on staff that are CPI trained. This is for Nonviolent Crisis Intervention. If a student becomes a danger for themselves or others, physical restraint may be necessary, but will always be the last resort.

If you have any questions about this state law, please contact the school. The complete text of the law and additional information is available on the Department of Education's website link educateiowa.gov and search for Timeout, Seclusion and Restraint.

Special Days

We have parties for various holidays during the school year. Teachers will notify you of celebrations and parent sponsors for such. Birthdays are very special to your child. See page 17 for allowable treats at school. Let the teacher know in advance if and when your child will celebrate his/her birthday at school.

Parents, grandparents, special friends may come and eat lunch with a student on special occasions. Please seek prior approval.

Visitors to Building/Locked Door Policy

In an effort to promote safe schools, Morning Sun Community School operates a "Locked Door Policy". During the school day all exterior doors will remain locked. Any parent or adult entering the building from 8:00 AM – 3:20 PM must go to the main entry and push the button on the right side of the door for admittance, before proceeding to the office. This will apply when you are picking up a child early, bringing a child late, leaving a message for a child, or if you wish to make any announcements.

If a student wishes to have a friend attend class with him/her, arrangements must be made with the building principal at least one full day prior to the planned visit. The visitor must be an elementary student, have permission from parents and obtain a pass from the office. Under NO circumstances will visits of more than one day be allowed.

If a parent wishes to visit for a day, please give the teacher at least one day's notice.

- Special Occasions: Parents, guardians, or grandparents requesting to have lunch with their child(ren) may do so by requesting permission from the office at least one day in advance. You may eat at school with the student or take them to a local restaurant.

Wellness Policy

By federal law, all schools in the United States were required to adopt a "Wellness Policy" effective July 1, 2006. Morning Sun Community School District's Wellness Policy (Code No. 507.10) promotes healthy students by supporting wellness, good nutrition, and regular physical activity as a part of the total learning environment. The school district supports a healthy environment where students learn and participate in positive dietary and lifestyle practices. By facilitating learning through the support and promotion of good nutrition and physical activity, schools contribute to the basic health status of students. Improved health optimizes student performance potential. In addition to following federal guidelines in our school lunch program that include the addition of more whole grains, fruits and vegetables, we will also follow the guidelines by serving low fat milk for our breakfast and lunch programs. Effective July 1, 2006, no public schools in the United States are allowed to have full calorie (sugared) soda available for students during school hours. PLEASE do not send sugared pop with your child's cold lunch, or

for a birthday treat! We are encouraging "healthy" alternatives for special treats at school. (See page 17, "Treats at School," for suggestions.) To facilitate increasing the physical activity of our students, we will begin each recess time with a short run/jog for all students before they begin their regular recess activities.
